VERDICT IS RETURNED FOR THE C. & H. MINING CO.

JURY FINDS IN FAVOR OF DEFENDANT IN DAMAGE SUIT.

A verdict for the defendant in the case of Charles O'Leary versus the Calumet and Hecla Mining company, for alleged personal injuries, was returned by the jury at half past 9 o'clock this morning, shortly after the opening of the morning session of circuit court. The jury was locked up for about twenty-two hours, the case having been given to them at half past 11 o'clock yesterday morning.

The court yesterday afternoon took up the case of John Pirla versus the Alouette Mining company, mist of the session being occupied with the drawing of the jury. The plaintiff is represented by Attorney George Detels, of Houghton, who outlined the case to the jury, explaining that he would show that the eighteen year old son of Pirla, who was employed as a drill boy, was killed by a fall of rock from a drift in the Alouette mine, while loading drills on top of a skip. The plaintiff claims that the wall should have been properly timbered or that the loose rock should have been pried down, in which case, it is claimed, the accident would not have happened. Pirla, the plaintiff, was examined this morning as a witness at the beginning of the session.

SUCCESSORS TO INJURIES.

Man Hurt in Blast at Isle Royale Died Yesterday Afternoon.

John Welling, aged about thirty-five, died yesterday afternoon at the St. Joseph's hospital in Hancock, from the effects of injuries received in a blast at the Isle Royale mine about six weeks ago. Welling was a married man and leaves a wife and family at Dodgeville. He received a slight fracture of the skull and had a finger blown off in the accident, and serious internal injuries also were incurred, the latter probably causing death, as the fracture of the skull had apparently healed. The body was brought to the Keweenaw undertaking rooms and Coroner Lyle notified. The latter will make an investigation this afternoon to determine whether an inquest is necessary.

YOUNG MAN MAKING GOOD.

Stanley Penberthy, son of Mr. and Mrs. R. R. Penberthy of Houghton, has been appointed manager of an agency for the Howard Motor Company at Philadelphia. The young man not long ago completed a two years' course at the Ferris Institute in Big Rapids, and was given a position at the works of the Howard Motor company in Detroit, where he showed such ability that after working for thirty days he was promoted to the management of the Philadelphia agency.

J. Perle Channing, general manager of the Naumkeag company, left yesterday for New York after a stay of about a week in Houghton looking after the preliminary work of developing the company's properties here.

RULES ARE FORMULATED FOR HILL CLIMBING MEET

REGULATIONS RELATIVE TO CONTEST IN HOUGHTON JUNE 29.

At a meeting of the hill climbing contest committee of the Copper Country Automobile club yesterday at the office of the secretary, W. D. Calverley rules and regulations for the hill climbing contest on June 29, under the auspices of the club, were formulated and subsequently the rules and arrangements decided upon were announced by the chairman, A. J. Ruhl. The contest will take place on the Agate street hill from Sheldon street to Seventh, five blocks, then turning east and follow a defined course in order that confusion may be avoided.

The following officials are appointed:

Referee—Walter Sutton of Lake Linden, he to name two judges.

Starter—Gardner Rogers of Houghton, he to name timers and scorers.

Technical committee—Ben Willeson of Calumet, Ernest Hansen of Houghton and Henry Geiger of Laurium.

The duty of the technical committee will be to inspect all cars entered to see that they conform to the mechanical description furnished with the entrance blank returned by the owner.

Cars may be driven by the owner or by any person designated by him.

Classification of Cars.

Cars are divided into six classes according to piston displacement in cubic inches and style of car. The following are the classes:

Class 1—160 inches and under. Class 2—161 to 200. Class 3—201 to 300. Class 4—301 to 450. Class 5—451 to 600. Class 6—601 to 750.

In addition there will be a free-for-all to give higher powered cars an opportunity to get into the contest.

Honors will be awarded in each of the seven classes.

The committee determines the passenger capacity of each car as follows:

Five or seven passenger cars must carry four persons of the average weight of 125 pounds or ballast equivalent.

Two, three and four passenger cars must carry two passengers of 125 pounds or equal ballast.

Entries must be made to Secretary W. D. Calverley by the afternoon of June 28. The entry blanks now being printed and shortly to be sent to the owners of cars will explain all these matters in detail.

Rules of the Course.

All starts will be standing starts. In case of a false start cars may return but not if they have passed a flag at a certain point on the course, passing that point constituting the official start.

No cars will be permitted to return to the starting point via the course.

One extra trial will be given in case of failure to record time.

After 1 o'clock on the contest day the course will be closed to traffic, with the consent of the village council.

Mrs. J. C. Shields left this morning for Ann Arbor for a brief visit and on returning will be accompanied by her daughter, Miss Elaine Shields, who is taking a course at the university.

HOMESTEAD LAW REQUIRES THREE YEARS RESIDENCE

TIME REDUCED FROM FIVE TO THREE YEARS BY NEW STATUTE.

The chief difference between the old and the new homestead law is that in the new law it is prescribed just how many improvements shall be added each year, while under the old law the improvements were not definitely outlined. The time has also been reduced from five to three years.

It is now required that the entryman cultivate one-sixteenth of his entire area, beginning the second year of the entry. Not less than one-third shall be under cultivation at the beginning of the third year.

No certificates will now be given until three years from the date of the entry. The entryman is now granted five months leave of absence each year from his land, after he has established residence upon it.

If the entryman dies before he has lived on the land three years, his heirs must prove that he lived up to all the requirements under the law after filing. They are relieved from further residence upon the land.

If for sickness or other unavoidable cause the entryman cannot establish residence upon the land, the commissioner of the general land office may in his discretion allow the settler twelve months from date of filing in which to establish residence.

The new law was approved June 4, 1912.

PARK OPENS SUNDAY.

Freda Park Ready to Receive First Outing Parties.

Freda Park on the Copper Range will be opened for the season tomorrow with the picnic and outing of the Beacon Hill Catholic church and from then forward will be the scene of almost daily outings by societies, Sunday schools and private parties. H. Jolly will be in charge of the park this season as caretaker. The attractions will comprise dancing, swings for the children and other devices for enjoyment, and the prospects are bright for a good season, better even than that of last year, which was very gratifying.

Many societies have already made inquiries relative to dates for outings, the first being that tomorrow by the Beacon Hill church.

Arrangements are being made to have music furnished by various musical organizations, the same as in previous years. Besides the outings at Freda Park the Copper Range will be the scene to numerous summer camps along its line. Today it carried the commercial department of the Houghton high school to Twin Lakes for its outing and picnic.

COMMENCEMENT TONIGHT.

Address Will Be Made to Class by Prof. P. P. Claxton.

The graduation exercises of the Houghton high school will take place this evening at the Amphidrome, where Prof. P. D. Claxton, United States commissioner of education, will deliver the commencement address. The Calumet & Hecla orchestra and the boys and girls' glee clubs of the high school will furnish musical numbers. Rev. William Reid Cross will give the invocation, and the benediction will be by Rev. Frank P. Knowles. Among the musical numbers will be a violin solo by Prof. J. A. Bueholz, who recently returned from Europe and two songs will be given by Miss Minnie Vroman, musical instructor of the Houghton schools. The presentation of diplomas to the successful students completing their high school course will be made by Supt. J. A. Doelle.

SCHOOL SAVINGS BANK.

Balance of \$1,000 on Deposit at Close of School Year.

A. E. Spaulding of the commercial department of the Houghton high school yesterday gave out a report of the school savings bank, showing a

balance of \$1,000 on deposit at the close of the school year.

Mr. and Mrs. J. A. Bueholz have returned from a visit to Chicago.

Supt. Lang of the Naumkeag has opened offices in the First National bank building.

A picnic will be given tomorrow at the Egan Pool Grove by the Houghton fire department.

Mrs. Joseph Raymond of Houghton left this morning for a visit with relatives at Detroit and other points in lower Michigan.

Elroy Brown, secretary of the Ontonagon Valley Settlement company, arrived here this morning from Greep Bay on a business mission.

Marriage licenses have been issued to Carl Burghaker and Mary Marx of Hancock and to Richard Rowe, Hancock and Clara E. Hosking of Oneco.

Miss Maude Gibson, daughter of Mr. and Mrs. Thomas Gibson, has returned from Salt Lake City, where she is engaged as a teacher in the public schools.

Citizenship applications have been made by Joseph Pulkkinen, Finland, Painesdale, New York, 1905; Karl Olofin, Italy, South Range, New York, 1902; John Ylitalo, Finland, South Range, N.Y., 1909; John Stindt, Sweden, Calumet, N.Y., 1894; Henry R. Frederickson, Sweden, Calumet, Boston, 1903; Ellis Karkkanen, Finland, Laurium, New York, 1902.

The Houghton Light Infantry will hold their second preliminary shoot on the range tomorrow, preparatory for the regular shoot. Dr. Murdoch Kerr of Calumet will tomorrow examine fifteen applicants for enlistment in Company G, and these men if accepted will bring the membership to about seventy.

Senses of Lower Animals.

Most animals, such as the fox, the wolf and the rabbit, find their way back to their lairs by a combination of sight, memory and smell. The fox could smell his way home if he were suddenly struck blind.

It pays to advertise.

Three years ago this winter I had a breaking out that covered my whole body. It itched so it seemed as if I should go crazy. It first came out in little pimples on my back and spread till it covered my whole body and limbs down to my knees, also my arms down to my elbows. Where I scratched, it made sores, and the terrible itching and burning kept me from sleeping. I tried several remedies all to no purpose. Then I concluded to try the Cuticura Remedies. I used the Cuticura Soap and Ointment, and also the Resolvent, for about four months, and they completely cured me of eczema. I have had no return of the disease since. I never had a good night's rest after the skin eruption first broke out till I commenced using the Cuticura Soap and Ointment. I had only used them a few days before I could see they were beginning to heal, and the terrible itching was gone.

"Those that lived in the house at the time know how I suffered, and how the Cuticura Soap and Ointment cured me. I never take a bath without using the Cuticura Soap, and I do not believe there are better remedies for any skin disease than the Cuticura Soap and Ointment." (Signed) Miss Sarah Calkins, Waukegan, Ill., Mar. 10, 1911.

Cuticura Soap and Ointment are for sale throughout the world, but to those who have suffered much, lost hope and are without faith in any treatment, a liberal sample of each together with 35-cp. booklet on the cure and treatment of the skin and scalp will be mailed free on application. Address: Pater Drug & Chem. Corp., Dept. 5A, Boston.

Kind of Him.

"I am going to ask your father for your hand." "Oh, that will be lovely." "You are glad?" "Delighted! I will call and bring you flowers every day until you are able to be out again. I have never seen the inside of a hospital!"

very satisfactory condition. During the year there was deposited a total of \$62,153. The largest single account is \$18,452 and the smallest \$18.36. All demands made on the bank have been met and there remains a balance of \$1,000 to the credit of the school bank in the two Houghton banks. The interest due on deposits up to June 1 has been computed and amounts to \$11.46. The department will be closed during the summer but will be kept open next week in order that an opportunity may be given for withdrawals. After that time the bank will not be open again until September.

THE ROOSEVELT ARRIVES FOR DULUTH EXCURSION

PLEASURE STEAMER REACHES HOUGHTON TODAY AND COALS UP.

The palatial excursion steamer, the "Theodore Roosevelt," of the Indiana Transportation company, arrived in Portage Lake late yesterday afternoon and proceeded to the docks of the Portage Coal and Dock company to take on fuel for the trip to Duluth tomorrow. This afternoon the boat will be brought over to Houghton, where passengers for the trip will embark tomorrow morning.

The Roosevelt is scheduled to leave at 8:40 Sunday morning for Duluth under the auspices of the Club D'Haberville of Lake Linden.

The Roosevelt is pretty well known in local waters, having carried excursions from here two years ago to Port Arthur and Marquette under the auspices of the Club D'Haberville, which were well patronized, thousands going on each excursion. The Roosevelt two years ago also brought a party of Chicago merchants here on a business building trip. The ship is 240 feet long and is equipped with an abundance of boats, sufficient to accommodate all on board, has a wireless outfit and is one of the staunchest and safest boats on the lake in the summer excursion business. She is due to arrive at Duluth at 8 o'clock Monday morning and the excursionists will have until half past 2 o'clock Monday to see the sights of the Zenith city.

COMPLAINANT MISSING.

Man Relied Upon as Witness Against John Massa Has Disappeared.

The case of John Massa of South Range, charged with assault with intent to kill, was today adjourned by Justice Little for a week on account of the fact that the complaining witness, John Bonino, cannot be located. Massa was charged with stabbing Bonino on the right hand was crushed and index finger of the same hand bruised. He will not be able to work for several weeks.

Miss Emma Williams has gone to Detroit where she expects to locate.

James Jewell and L. P. Fillion leave tomorrow for Traverse City, where they will attend a convention of the Fraternal Order of Eagles.

John Rippolte met with an accident while at work in the stamp mill this morning. His middle finger on the right hand was crushed and index finger of the same hand bruised. He will not be able to work for several weeks.

Price of Health.

To judge by letters received from correspondents, the average person does not really want to be cured. He only wants relief, which is quite a different thing. Or, at least, if he does want to be cured, he is seldom willing to pay the price—not in money, that is trifling, but the price in patience and perseverance and self-control.—Los Angeles Times.

QUARTERLY CONFERENCE.

Rev. James Panceo, general superintendent of the Houghton district of the Methodist church, last evening conducted the final quarterly conference of the church year at the Houghton Methodist Episcopal church. It being the last conference before the annual district conference at Detroit, in September, much business of importance was transacted.
